

Product name VEGAPOINT 11  
 Model code P11.XABI  
 Order number CP - 222 3AE

Quantity 1  
 Production period (days) 1

### Ultra-compact capacitive limit switch

#### Application area

VEGAPOINT 11 is a low-cost limit switch for the detection of water-based liquids. The optional universal connection for hygiene adapters ensures reduced installation effort and leaner stock keeping and perfectly meets the requirements for hygienic processes in the food, beverage and pharmaceutical industries. It can be used without adjustment in the application.

#### Your benefits

- Cost-effective limit switch with smallest installation dimensions
- Simple setup, no adjustment required
- Coloured 360° status display, adjustable
